Politics aside, whatever you think of Trump, he has a point.

On his Democratic rivals, he tweeted:

Dear Investor,

It's scarier than Freddy Krueger lunging at you with talons in your dreams! I'm referring, of course, to the prospect of "President Bernie Sanders!"

Yes, it'll be Nightmare on Wall Street. And if you think the last few weeks of this Coronavirus market meltdown was bad– you ain't seen nothing yet!

We're talking about monumental losses where your IRA or 401(K) is now a 201 (k).

This is why I'm preaching from the highest mountain to my subscribers and you...

**The UBER RICH Are Now Preparing...
(And you can too, before it's too late...)**

As we gear up big time for the most important Presidential election (in a generation), there's one thing you can do to assert control over for you and your family's financial future: **diversify your savings with gold.**

Oh, and it's not just my opinion.

Recently, Fox Business News reported that due to the recent state of "high political uncertainty", the world's ultra rich are getting a head of the curve and doing just that.

Make no mistake: one of the best ways to prudently diversify is to convert your IRA or 401(k) into a "Self Directed" Gold IRA.
