"The Game Changer" In Delivering You Years of **Optimal Health** ... Starting In As Little As 15 Days

The Research is Overwhelming... The Results Undeniable...

"If you can cut down on the number of pathogens able to get into your body, your immune system can put its full attention on protecting you from catastrophic diseases -- and keeping you healthier overall."

Phillip Tierno Jr., PHD, Director of clinical microbiology and diagnostic immunology at Tisch Hospital, [New York University Medical Center \(WebMd\)](#)

Dear Health Conscience Friend,

What you are about to learn will probably shake the foundations of what you've read or been told by western medicine pundits ... and *especially* by the pharmaceutical industry

Make no mistake: It's an epidemic of immense proportions. And it needs your attention.

For yourself... and for your loved ones.

Studies show us 1 in 12 Americans will develop problems with their autoimmune disorder. Compare that to the estimate that one in 20 adult Americans will have heart disease¹

And because it is, virtually all chronic diseases are associated with out-of-control levels of chronic inflammation, suppressed [immune health](#) and

Do You Suffer from Primary Immunodeficiency?

According to the [Mayo Clinic](#), one of the most common signs of primary immunodeficiency is an increased susceptibility to infections that last longer and are harder to treat.

You may also get infections that a person with a [healthy immune system](#) likely wouldn't get, which are known as opportunistic infections.

Frequent and recurrent pneumonia, bronchitis

sinus infections, ear infections, meningitis or skin infections Blood infections

Digestive problems, such as cramping, [loss of appetite](#), nausea and diarrhea

In addition to frequent infections, other problems that may occur include:

Inflammation and infection of internal organs

the toxic over load of the body including almost all cancers.

Blood disorders, such as low platelet counts or anemia

Please keep an open mind with what is about to be revealed to you -- for it can truly shape the future quality of your life.

The plain truth is this:

If You... or Anyone You Know is Suffering From Ailments that Affect These Organs...Or If You're Experiencing Debilitating Health Then This Could be the Most Important Letter You Read THIS Year!

Breast	Prostate
Lungs	Liver
Colon	Ovaries
Brain	Cerebellum
Uterus	Bone
Rectum	Bladder
Intestine	Kidneys
Skin	Throat

Know this you can turn the tables on this toxin filled scoundrel and help your body naturally heal itself. However, before explaining it all, I want you to...

Imagine cleansing your body and living a longer and healthier quality of life than you could ever imagine

Imagine synergistically maintaining a healthy cell functioning 24/7 that gives your body more vitality... more energy... and more ways for you to banish poor health

Imagine your own doctor looking at your test results, smiling, and saying...

"Keep doing what you're doing... you blood work came back excellent, all within [normal range](#)..."

For thousands of Americans and Europeans, this is not a pipe dream. It's a reality that's happening now and it's all documented.

We're here to introduce you to an all natural, nutraceutical [dietary supplement](#) that's unlike anything you have ever tried. It contains two of Mother nature's most potent ingredients.

So effective, that many western medicine critics are turning into true believers!

For instance, many health practitioners, such as Dr. Lee Cowden, Director of The Academy of Comprehensive Integrative Medicine, calls it...

"...one of the most powerful plant-based substances -- if not THE most powerful ever found on earth 'the miraculous natural healer.'"

Holistic Care Giver Believes In the Benefits Aloe Arborescens

"I am a holistic oriented caregiver and use the Aloe Arborescens myself and provide it for my clients, some of whom are following the Budwig protocol.

I love the idea of cell renewal and immune system boost and my clients are holding their own despite serious health issues.

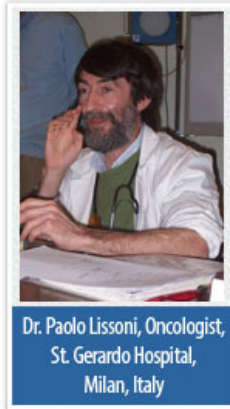

I would recommend it to anyone interested in maintaining their health"

~ B Williams, Austin, Texas

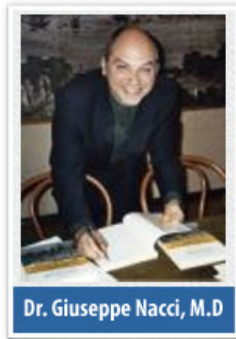

For instance, there's world renowned oncologist **Dr. Paolo Lissoni**, at the St. Gerardo Hospital in Milan, Italy, division of oncology, Dr. Lissoni along with 6 other top scientists, conducted a study using the recipe supplied by Father Romano Zago of Brazil and Deca Aloe of Italy with 240 patients.

Half of them were given this remarkable recipe and the outcome was nothing short of **ASTONISHING**.

The results verified the formula **inhibits the proliferation of errant cells** (thereby supporting permanent remission)... exhibits immune-stimulating and antioxidant effects... enhances patients' survival time... and reduces toxicities, as proven by radiological evaluations.

Dr. Giuseppe Nacci, M.D

Dr. Giuseppe Nacci, M.D., a distinguished pioneer of nuclear medicine, and author of "*Thousand Plants Against Cancer without Chemo-Therapy*" also confirms the therapeutic benefits of this remarkable health giving recipe.

He participated in the first experiments on humans using oncological (cancer) radio-immuno therapy. Dr. Nacci's research of the recipe found it **normalizes the biochemical functioning of the body** in 2 to 6 months.

The Medicinal Miracle of Aloe Arborescens

Thousands of scientific studies show Aloe Arborescens contains a number of medicinal properties that enhance the activities of all of the immune system functions.

23 Polypeptides serve as immune system stimulators, helping the body to control a broad spectrum of immune system disorders.

20 Polysaccharides increase the action of white blood cells thus increasing the production of "killer" T-cells and interferon. They also chemically enhance the action of the "killer" T-cells that attack abnormal cells and cause their death.^{4,6,10}

One of these polysaccharides, acelated mannose, has been patented as **Acemannan**

The body's own interferon and interleukin production is enhanced -- all the while attacking abnormal cells and viruses in the body.

Not only that, but Lectins and emodines are two potent anti-tumor chemicals found in Aloe that support the body's natural immune system's destruction of malignant tumors.^{4,10}

A common denominator in all the beneficial actions of acemannan molecules are all found in Aloe Arborescens's juice.

Remarkably, it coats all the gastrointestinal surfaces.

In turn, this increases the fluidity and the permeability of these membranes. In this way, it allows the easy expulsion of toxins and an even faster absorption of nutritive factors.

terpenoids, proteins, essential fatty acids and enzymes, to name a few.

These broad-based immune health benefits from **Aloe Arborescens (AA)** are due to the synergistic activity among 250 therapeutic constituents found in the sap, gel, and the entire whole leaf.

Research reveals the nutrients stored in the skin of the leaf (released to the gel only as needed), makes it 4 to 8 times more potent than the gel itself.

Even Hippocrates, the "Father of Modern Medicine," used it 2,400 years ago to heal many diseases.¹¹

Not only that, but...

Recent Studies by the Palatinin Salzan Venezia Institute in Italy have discovered that Aloe Arborescens is 200% Higher in Beneficial Phytonutrients and nutraceutical properties than Aloe Vera²

Used as directed, it will:

- Promote normalization of body functions**
- Promote healthy blood and cardiovascular health**
- Gently Cleanse your body of all toxicity, and**
- Rejuvenate your Immune system**

For centuries, Aloe Arborescens has shown a surprising ability to help the body's own healing mechanisms alleviate a wide variety of health conditions.

However, for now, know the most stunning health benefit of , Aloe Arborescens is its ability to support *normal cellular structure*... thereby supporting **permanent remission of ailments that afflict you daily**.

Aloe Arborescens simply goes into the your body's cells and "Re-Natures" them to function optimally, as they were originally designed. Thus, aloe gives life to the cells, tissues, glands, organs, and other systems -- doing so, delivers you the best health and balance possible.

Best of all, this clinically proven formula can synergistically enhance and repair your immune system which helps your body heal itself ten times faster.

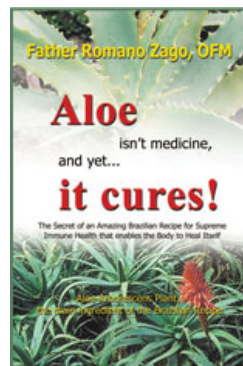

Now before going into more detail about your immune system, and what it means to your health and life, let's go back in time to...

Before going on, we want to tell you about

Father Romano Zago - OFM

A humble country priest Father Romano Zago, learned about a remedy made by poor country people, while he was serving at the San Antonio parish in Pouso Novo (RS) Brazil. **In 1988, he heard about a solution made by the impoverished people to resolve serious illness.** He began to investigate, and learned the simple formula, which uses Aloe *arborescens*, pure untreated honey, and a small amount of distillate was powerful enough to reverse a serious, potentially

It simply stops the immune system from intervening in internal digestive support, which could cause its compromise... thus saving the immune defenses for where they may be really needed.^{4,10}

From Father Romano Zago's Book "Aloe isn't Medicine... And yet, it Cures!"

The ingredients of the "recipe" are simple: 3 or 4 large leaves of aloe arborescens (must be at least 5 years old), 1/2 kilo (1.1 pounds) of bees' honey (raw and unrefined, not synthetic), and 6-8 teaspoons of distillate. Clean the leaves with a dry cloth, and remove the spines. Then, cut them into pieces and blend them together with the honey and distillate until smooth.

The recommended dosage for taking the resulting tonic is 1 tablespoon 3 times a day (preferably before meals) for 10 consecutive days. Then, stop for 10 days and then start again.

fatal disease.

In these books, he reveals the formula that consists of only three ingredients (see below).

Joy and gratitude filled Father Zago, and he began to share the formula with everyone who needed it.

In fact, Father Romano Zago, OFM (Order of the Friars Minor), Brazilian scholar, aloe researcher and author, went on to publish for the benefit of mankind two books on the effectiveness of *Aloe Arborescens* based *Supreme Immune Health Formula*. They are available at Amazon.com

Father Zago has had pastoral assignments in Israel and other parts of Europe where he has given lectures and conferences in Portugal, Spain, Switzerland, France, Italy and Brazil about the ability of the human body to heal and regulate itself when supplied with the cell-required concentrated micronutrients found in the polysaccharides (complex sugar molecules) of this Aloe plant species used in the potent Aloe Arborescens based formula. This has brought internationalization of the formula on five continents.

Father Romano Zago also collaborated with world renowned oncologist Dr. Paolo Lissoni, at the St. Gerardo Hospital in Milan, Italy, division of oncology, along with 6 other top scientists, in conducting a clinical study using the recipe supplied by Deca Aloe of Italy with 240 patients.

This Superfood Helps Thousands Who Had Given Up Hope to NOW Enjoy a Disease Free Life

Thankfully, today, this recipe has spared thousands worldwide from suffering and dying.

One such person was Giovanni Mariani.

In one of Father Roman's Zago's books, he reveals the story of Giovanni of Forqueta, Brazil, who was given a terminal diagnosis.

Sullenly his doctors said, **"There is no cure for his case ... he only has a few days to live."**

Father Zago gave the aloe arborescens recipe to Giovanni's wife, Gemma, and asked her to give the bed-ridden Giovanni the natural remedy 3 times a day.

Unfortunately, Gemma was skeptical, and didn't give it to Giovanni.
Thankfully, their son, Rubens, did.

Soon thereafter, Rubens reported that the swelling in his father's stomach, which was "as **large as a tennis ball**, had *disappeared!*"

After a few days, Giovanni left his bed... started to walk up and down the

helps protect the body from harmful substances called antigens.

Examples include bacteria, viruses, toxins, cancer cells, and foreign blood or tissues from another person or species.

Luckily, when the immune system detects an antigen, it responds by producing antibodies that destroy the harmful substances.

Your immune system response also involves a process called phagocytosis. During this process, certain white blood cells swallow and destroy bacteria and other foreign substances.

Astonishingly, as of 2002 when Father Zago first documented this true story...

Giovanni Mariani was still alive at over 80 years old -- and in perfect health!

This was just the beginning of witnessing firsthand, dozens of patients like Giovanni experiencing remarkable therapeutic benefits after drinking this potent **Immune Health Formula**.

For over 20 years, Father Zago experienced many more miracles of hope from this recipe... not to mention, hearing the stories from thousands of locals of their triumph over debilitating health.

Daughter Owes Mom's Health and Recovery to This Heaven-Sent Tonic!

Jocelyn's mother suffered from a terminal condition for which they thought there was *no hope*. "

Jocelyn wrote...

"We owe my mom's health and recovery to this heaven-sent tonic" During her therapy she was not nauseous... did not lose her hair... or lose any weight.

In fact, it was the opposite of all the *nightmares* you hear about. Her hair only thinned, but she still had a full head of hair, and her blood levels were always perfect.

Her doctor was always dumbfounded at her results every time he saw her and her blood was drawn.

Not only that, but her doctor is still amazed and she's still doing great today, years later."

Excerpted from a letter from Jocelyn Chang, New Jersey, sent to Luis Quiroz Ravines of The Miracle of Sharing website

The Good News is Deca Aloe Arborescens International, Inc. has collaborated with Father Romano Zago to make a bottled version of the Brazilian recipe available to the public strictly as a dietary health food supplement.

It's called **Aloe Arborescens Supreme Immune Health Formula. (SIHF)**

Make no mistake: It's the ONLY product Father Romano Zago vouches for its authenticity and pure compliance to the original Brazilian recipe.

2 1/2 Years Disease Free

"My doctor recommended Aloe Arborescens as a way to help rebuild my body's immune system against day to day and age related diseases.

I've been taking it for almost three years now. I used to come down with a cold once and sometimes twice a year and then a case of laryngitis annually.

I went through about a 2 1/2 years totally disease free.

I also feel much better on a daily basis due to the detoxifying properties of the aloe arborescens.

It's a never ending battle!

From the day you're born—throughout your entire life! Your body's in a constant fight to ward off vast armies of microscopic enemies who want to invade and conquer it.

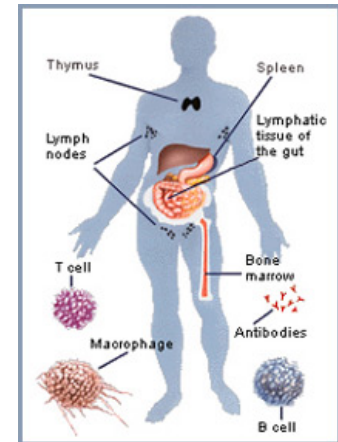

From the day you're born—throughout your entire life! Your body's in a constant fight to ward off vast armies of microscopic enemies who want to invade and conquer it.

By any means, these pathogens, be they bacteria, parasites, fungi or viruses, will do everything they can to breach your bodies' natural defenses.

Through wounds, through the mouth (when you swallow, even when you breathe in).

Once inside --- they'll grow and multiply causing abnormal cell formation ... all with destructive costs to your overall health.

Your immune system is made up of lymphoid tissue in the body, which includes the bone marrow, lymph nodes, thymus, tonsils, and parts of the spleen and gastrointestinal tract. Proteins and cells in the blood are also part of the immune system.

I cannot make this any clearer: Just by damaging your cells or releasing their poisons into them, these pathogens cause a host of illnesses.

From common colds to measles to potentially fatal conditions like Lyme Disease, tuberculosis and malaria ...*and yes, even cancer.*

As mentioned earlier, our bodies have a natural internal defense mechanism (your immune system) designed to combat these threats:

Its purpose is to recognize, disable and dispose of all intruders that attack your cells, tissues and organs.

As you can imagine, these disorders create a **dysfunction of your immune system** characterized by you either having an overactive (autoimmune disorder)... or underactive (immunosuppression/ immune deficiency disorder.)

More Importantly, at the Core of the Immune System is Your Body's Ability to Tell the **Difference Between Self (you) and Nonself (foreign)**

Remember: If there is a flaw, and your body can't tell which is which, your immune system is compromised!

Once this occurs, your body makes [auto antibodies](#) that attack normal cells by mistake.

At the same time, special cells called [regulatory T cells](#) fail to do their job of keeping your immune system in line.

The result? A misguided attack on your own body which creates damage we know as autoimmune disease.

This could lead to a host of health ailments such as Epstein-Barr virus, chronic fatigue syndrome, systemic candidiasis, HIV infection and others (not to mention, high incidence of digestive dysfunction and maldigestion).

**The #1 Life Threatening
Destroyer to Your Body**

The first line of defense in protecting your body against disease is **inflammation**, normally a pro-active and protective response to pathogens or "Agents of Disease."

When these pathogens are detected, NK cells (natural killer Cells) flood your inflamed tissue, destroying the pathogens and abnormal cells.

The Good News...

Researchers discovered that natural killer (NK) cell activity is increased substantially following continued ingestion of **Aloe Arborescens**. (NK cells are your immune system's first line of defense against invading pathogens or disease ridden cells.)

The defeated pathogens and dead cells are whisked away and inflammation subsides within 8-10 days.

The Bad News...

When your body is unbalanced, your protective system stops working. *Inflammation runs rampant.*

This is chronic inflammation. And is almost always accompanied by tissue destruction that secretly and silently destroys cells.

Doctor Recommends Aloe Arborescens to Her Patients

"After surgery I faced a few unexpected side effects. Tests confirmed, many gall stones. Knowing my friend has a great knowledge about natural treatments I asked his advice.

Well, his first response was very accurate. Aloe Arborescens.

I used 2 bottles only as recommended and no pain for the last 5 months. I had total 4 pain attacks and my primary recommended removal of gallbladder.

Results are unbelievable. My doctor asked me what was it because she is willing to suggest it to her patients.

I can say it's amazing. I know Aloe Arborescens has many other positive application and I am using it. Recommend to everyone.

~ K. Delran - USA

Here's an important point: Virtually ALL chronic diseases are associated with out-of-control levels of chronic inflammation, suppressed immune health and toxicity of the body including almost all cancers.

Not only that, but...

THESE Hidden Toxic Culprits Are Compromising Your Body's Immune System Daily!

And it's NOT your fault! That's because Man-made toxic chemicals (included in our water and western diet), attack us daily and are destroying your immune system.

Even the carpets you walk on, the shampoos and toothpastes you use, the pots you cook in and the dental fillings in your mouths.

Sadly, it's "An Inconvenient Truth." Modern life is an unrelenting bombardment of toxicity that destroys our bodies.

Your goal in leading a long and disease free life is to naturally boost your immune system.

For optimal results, at least once a quarter if you're healthy and daily if your immune system is compromised until your condition improves.

Again, if this is not corrected, your body's inflamed organs and tissues becomes a game of dominos, with one knocking

down the other.

Domino #1 Chronic disease begin with unhealthy cells that accumulate toxins.

Domino #2 Your body has deficiency of important nutrients.

Domino #3 Other culprits, like prescription drugs, enter into the equation-- and also contribute to this nutritional deficiency.

You cannot even imagine the stress these toxic chemicals put on your liver.

They rob many important vitamins and minerals in your system. In a nutshell: The stress creates The Perfect Storm for an unhealthy environment within your body – just as the side effects of radiation and chemotherapy does.

Did you know that...

Since 1940, we've increased the number of synthetic chemicals in the environment by 380 times?

The average person today has 1000 times more lead in their body than people living 500 years ago?

25 BILLION pounds of synthetic chemicals are created by industries every year.

2,000 different man-made chemicals are found in most municipal water supplies?

10 lbs. of unnatural food additives are consumed by the average American every year. These often are stored in the body fat and slowly released over time? In addition, Biotech companies are aggressively promoting genetically modified food. Every independent study shows the array of health problems, including abnormal cell growth, associated with eating genetically modified food.

Plastics used in food wrap preparation. Even water bottles contain hazardous chemicals such as Bisphenol A. Believe it or not, studies reveal these chemicals mimic natural hormones such as estrogen.

And guess what? They're easily absorbed into the body and may disrupt the immune response.

Thankfully, with our **Supreme Immune Health Formula**... you can properly combat, defend, and WIN against these disease threats.

Our proprietary formula floods your body with plant based **polysaccharides** — “Agents of Life” -- which nourishes, fortifies, and cleanses the cell, improving cellular metabolism and the cell's optimal functioning.

Your relief is fast... and lasting... with recommended daily servings!

Clinically proven to revitalize your innate immune system and to gently detoxify your body -- **Supreme Immune Health Formula™** helps your body heal itself from all chronic health challenges.

They include gastrointestinal dysfunction, ulcerative conditions throughout the digestive tract, heart and arterial conditions

Luckily, in order to perform this astonishing feat, our immune system has armed itself with 2-Step Attack against the Pathogen Invaders. ^{11,12}

#1 Some components of the immune system will engulf and destroy all and any pathogens indiscriminately.

#2 Others produce specialized proteins designed to wipe out specific foreign organisms, or their poisonous products with pinpoint accuracy.

Does Your Body Carry THESE Life Threatening Toxins?

There are several types of toxic buildups in the body that need to be dealt with when fighting degenerative diseases like cancer.

- 1) First there is cellular toxicity caused by the shunting of toxins into cells. All due to excess acidity in the blood, and the inability to release toxins.
- 2) Next is heavy metal and chemical toxicity coming from years of exposure to highly toxic heavy metals and chemicals.
- 3) From the environment, silver amalgam fillings, many vaccines and some other drugs put mercury and other toxins into our body.
- 4) Most large fish have elevated mercury levels.
- 5) Elevated levels of heavy metals disrupt the immune system, and must be dealt with especially when fighting cancer.
- 6) Also, there's toxic buildup in the colon of undigested foods.

Nutrient absorption is disrupted, and toxins sitting in that decaying mess are reabsorbed back into the body.

Why a **Good Defense is YOUR Best Offense** for a **Lifetime of Enriched Health**

According to Aloe Scholar Father Romano Zago, AA **is for anyone who's interested in health maintenance or health restoration** -- not just those who have a life-threatening or chronic disease since it nutritionally supports normal health function.

Dr. Ivan Danhof, Ph.D., M.D., North Texas Research Laboratory, Grand Prairie, Texas, is recognized as one of the world's top experts on aloe. His pioneered critical work is aimed at isolating aloe's healing nourishing agents and identifying over **300 therapeutic properties**.

If Aloe vera were to be discovered today, and its remarkable healing properties investigated, it would be hailed as the 'wonder drug' of this century

Dr. Ivan Danhof,
Ph.D., M.D

This creates a constant stress on the immune system, and a further load on the body's detoxification systems.

Remember: DISEASE starts in the Colon and it **NEEDS** to be cleaned!

The buildup of toxins in your body reduces cell oxygenation and toxins will damage DNA, causing cell mutation.

The key is to protect your cells by making sure you are taking plenty of antioxidants and get rid of the buildup of toxins in your body using safe and natural detoxifiers.

Briefly, here's how to Optimize the functioning of the entire immune system:

Detoxify, purify, and cleanse the body (especially cleanse and normalize the *blood*)

Facilitate the repair of cells, tissues, and organs

Support the body's natural ability to regulate the *destruction and elimination of invading foreign matter*, including, bacteria, viruses, fungus, parasites and cancer

Scientists such as Dr. Aldo Facetti, (phytology technician and herbalist at the Palatinin Salzano Venezia Institute in Italy), found that Aloe Arborescens **is 200% richer in medicinal substances** and contains more than **70% of anti-cancer properties** compared to Aloe Vera, which contains 40% of these properties

The aloe arborescens recipe has an undeniable ability to provide **optimal support to your immune system** -- and *make it work the way nature designed it to*.

Why is this Important?

Simply because (and most medical doctors agree on this) your body's immune system is capable of healing just about anything -- if it's NOT suppressed, weakened or compromised.

In addition, when your immune system is working correctly -- you can successfully battle and win the war against other ailments and diseases.

Remember: If your immune system is weakened --- it's no longer capable of warding off pathogens, viruses and disease microorganisms.

Health Formula™ Soothes an "Acidic Gut Gone Wild" for Total Relief

An irritable gut, burning acid in your throat... stomach pain... bloating... embarrassing gas, diarrhea, constipation, even nausea and chest pain — are all signs of a gut under attack and unable to switch on the body's own NK cells (Natural Killer Cells) necessary to stop inflammation and soothe your gut wall.

Not only does **Aloe Arborescens Supreme Immune Health Formula™** wake up your body's NK cells... the polysaccharides I mentioned earlier play a special role.

That's because polysaccharides have the ability to pass through the stomach and digestive tract into the blood stream without being destroyed by stomach acid or digestive enzymes.

What does this mean for you?

It simply means you're not wasting your hard earned money on a formula or "solutions" you've tried in the past that'll exit your body through expensive urine.

The polysaccharides actually allows our proprietary formula to reach your blood stream, where they're able to fulfill their immune-supporting functions.

Make no mistake: our recipe is designed so Aloe Arborescens's powerful arsenal of nutrients delivers you a **FULLY OPTIMIZED Immune System.**

That's not all: Father Romano Zago, publisher of the Brazilian Immune Formula, allowed his name to be on the *Supreme Immune Health Formula™* label. This endorsement vouches for the complete authenticity of the original formula inside each bottle.

Father Lorenzo, Conventual OFM, from Parma, Italy had a chronic colon ailment. Unfortunately, during surgery the doctors realized when operating upon his lower stomach, there was nothing they could do to save him.

Before stitching him up, the doctors decided to give him a chance -- and perform a colostomy. All with the hope that it would at least prolong his life.

The Father began taking the Brazilian blend and just 3 months after the operation, **Father Lorenzo's health was so healthy and revitalized again** -- the same doctors who operated on him -- removed the colostomy bag.

Presently, the 70+ years of age priest lives a joyous life and is a sought-after captivating confessor throughout the world about the miracle of aloe.

The Secret to Growing and Harvesting The World's #1

Dietary Elixir Can Be Found in the Ground

In the unspoiled soil of Italy, grow the aloe arborescens plants that go into the *Supreme Immune Health Formula™*

Remarkably, the Deca Aloe greenhouses produce an annual harvest that yields over 15,000 tons of aloe arborescens leaves.

The company follows **precise processes and strict growing and harvesting methods**, including:

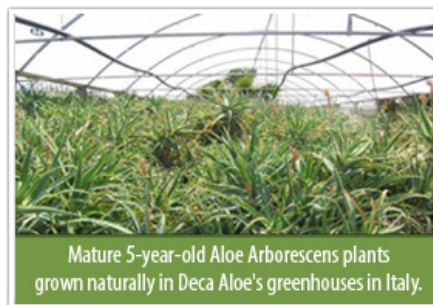

Soil conditions for plant growth are completely organic and chemical-free.

The Aloe arborescens plants will not be harvested until they're *at least 5 years old* and PLUS they have to be at peak nutritional potency.

No rain must have occurred during the past 5 days before harvesting.

For optimal effectiveness, the Aloe arborescens leaves are picked at the right time of the day with the least amount of light. Usually early morning or late evening. This preserves the active properties.

The leaves are immediately ground into juice after picking.

Again, 15,000 tons of leaves delivers **23 million bottles** of the original recipe every year. What does this mean?

It means the manufacturer has the amazing **capacity to meet global demand for this recipe... for people like yourself to want to maintain their present good health or restore themselves back to perfect vim and vigor.**

Remember: Deca Aloe Arborescens US, LP is the **ONLY** North American company that manufactures Father Romano Zago's original recipe

WARNING: Beware of Imitations

Other liquid aloe products available in some stores and on the Internet are NOT the same as Father Romano Zago's original recipe.

Even if those other products do contain aloe arborescens...

The plants are usually grown in soils that are not pristine, organic and chemical-free.

The leaves are harvested before they are 5 years old, and picked at times of the day that are not ideal.

The sap, gel and the entire leaves are over-processed, heated or diluted.

And the light exposure is not controlled during the harvesting to preserve the active properties.

Deca Aloe uses only premier quality 5-year-old (and older) plants processed by grinding the leaf into a liquid without heating. They use all-natural preservatives to stabilize the liquid aloe formula in order to retain all the active healing properties of the aloe arborescens leaves.

Father Romano Zago proudly promotes Deca Aloe worldwide as the one and only source that upholds the integrity, quality, and effectiveness of the original recipe.

He recommends the *Supreme Immune Health Formula™* from Deca Aloe as **the only reliable source** because other manufacturers don't go through the painstaking process to get the formula perfectly right -- and because he realizes that people cannot possibly prepare the recipe themselves

Aloe makes the Most Potent Brand you can Buy. That's Why it Works

Other liquid aloe products available in some stores and on the Internet are NOT the same as original Brazilian recipe published and endorsed by Father Romano Zago.

Even if those other products do contain aloe arborescens...

The plants may be wild crafted plants grown in soils that are not pristine, organic and chemical-free (Our plants are grown on Greenhouses at our farms in Italy under controlled environmental conditions).

The leaves are harvested before they are 5 years old, and picked at times of the day that are not ideal.

The sap, gel and the entire leaves are over-processed, heated, freeze dried or diluted.

And the light exposure is not controlled during the harvesting to preserve the active properties.

The formula has been adulterated by adding in other ingredients like calcium bentonite clay which may absorb toxins but may also create a problem when the clay is not fully excreted from the body and creates toxicity.
