sex life (or lack of one). Foaming at the mouth, he vents “I don’t get it! It’s like “Mission Impossible” to get any woman to take notice of me...no less a good-looking one. They just blow me off!”

I laughed (just a little) and handed him a bottle of PherOmen 505 and told him, “Read the simple instructions and meet me for “happy hour” at our favorite club.”

Well, he took my advice and within moments of entering the bar we struck up a conversation with two blondes from out of town.

The cuter one took to Darren like Barry Bonds takes to a fastball. I mean, she dug him—BIG TIME! It was as if he flicked on a sexual light switch within her. She’s laughing at his jokes, being very touchy-feely with him. (You know what I’m talking about, right?) AND get this: she was sober too!!!

Well, one thing led to another, he got her hotel number and they hooked up the next night. Long story short, Darren FINALLY got LUCKY by a woman he can brag about.

And it wasn’t the first time. He’s now in a serious relationship with a petite red head (a personal trainer, yet) who’s a spitfire in bed! It’s astonishing: Darren’s a different man.

No more desperation ...

No more insecurities ...

And No more settling for the 3’s and 4’s!

My old college buddy swears it’s all due to PherOmen 505. But what’s important is that you can experience EXACTLY what he’s had—with your new secret weapon: PherOmen 505.

And Here’s the Good News:

Years ago it was “thought” that pheromones didn’t play a significant role in human interaction. Through cutting-edge research and tests, these same neuroscientists have come up with new evidence that it absolutely does! Read this:

■ **San Francisco State University Research:**

“Women’s perfume laced with synthetic pheromones acts as a sexual magnet and increases the sexual attractiveness of women to men.”

■ **Psychology Today:**

“... unsuspecting pheromones in your body scent are most likely playing a large and very clever role in mate attraction. How our body odors are perceived as pleasant and sexy to another person is a highly selective process. Seventy-four percent of the people who tested a commercial pheromone experienced an increase in hugging, kissing and sexual intercourse...”

■ **Male Pheromones Relax Women, Stimulate Hormonal Response:**

“... the odorless pheromones found in male perspiration can have a dramatic effect on both a woman’s mind and body. A new study found exposure to male pheromones can boost a woman’s mood and stimulate the release of a hormone that regulates the menstrual cycle.”

The “Animal Magnetism” You Need to Land Any “Hottie” You Want in Bed!

Ever hear of Pheromones? Well, they’re chemicals that are secreted in our sweat (and other bodily fluids) and are used to signal a variety of sexually related messages.

You see, for centuries humans (mostly men, of course) have desperately searched high and low for the perfect aphrodisiacs that’ll effortlessly and cost effectively attract the other sex.

Neuroscientists who have studied animal behavior have known that their pheromones are what signal to “potential mates” that they’re very interested, particularly if reproduction is “on their mind.”

Finally, after years of research scientists have discovered it. And it’s the main active ingredient in PherOmen 505, the most potent, clinically proven pheromone cologne available on the market.

Help Me And I’ll Help You!

Since the launch of PherOmen 505 we’ve been overwhelmed by the positive results everyone is experiencing with this product. And we are asking you to give us a little help with our survey. Of course this is not mandatory! But if it’s all possible...during your use of PherOmen 505...keep a diary or list of the women you’ve connected with.

PherOmen 505 is truly the aphrodisiac for the 21st century that’ll restore your animalistic drive and sexual intensity that you should be giving off—naturally.

So Here Are Your Five Steps To Conquest.

- 1** Keep PherOmen 505 handy and use as instructed.
- 2** Locate the honey you want to EXCITE (blonde, redhead, brunette, tall, short—it doesn’t matter).
- 3** Get up close and personal to expose your prey to PherOmen 505.
- 4** “Less is more” so act naturally and let PherOmen 505 do its job.
- 5** Remember: Practice safe sex.

Not the “usual suspects”...I mean the ones that have REALLY ROCKED your world. Why? Because we want to share your success stories with others who continue to “sit on the fence” waiting for some beautiful babe to wake up and notice them!

That’s all I ask... let us know how PherOmen 505 has given your love life a complete 180... and for your help...**we are going to give you the best price ever offered!**

If you ever thought about trying a product like PherOmen 505 before...this is your chance! Now you can try this unbelievable product at a fraction of its regular price. And I’m not talking about a simple 10% off. **How about a Whopping 30% off the normal selling price!** And cast your concerns away if you are second-guessing about risking even a penny to try it! Because ...

If You’re Not THRILLED With The Results...I’ll Buy It Back From You!

Regardless...if there’s one drop left in the bottle. If you’re not happy, then I’m not happy. Try PherOmen 505 not for 30 days... not 60... but up to 90 days. If you don’t get the results you want then send it back and I’ll personally make sure you get a prompt, no-questions-asked refund. Fair enough?

My friend, NOW it’s your turn to get your pals envious of YOU... to be really picky... and to score with the woman YOU want for the pleasure YOU deserve!

And mark my words: You won’t need a Beemer or ever have to worry about impressing women with your job or how much (or little) money you make— ever again. Use PherOmen 505, be yourself, relax, and let modern neuroscience give you the edge to nail a woman that gets you hard like there’s no tomorrow. Go for it!

DING! My times up!

So while it’s fresh on your mind, call 1-800-815-5151 and order PherOmen 505 now!

Jerry Hansen

P.S. Brenden Francis once said: *“If you greatly desire something, have the guts to stake everything on obtaining it.”* Here’s your chance! **Order PherOmen 505 TODAY! Call 1-800-815-5151**

I ask you now to keep an open mind. What you are about to learn is not fiction. And it's about to even the playing field BIG TIME in YOUR favor: Picture yourself, no matter what you look like...no matter how old you are...holding, caressing and exploring every inch of the body of the woman YOU desire the most...RIGHT NOW!

And all it's going to take is a few sprays of this product on your neck or your wrist – and you're good to go. That's it! Then watch amazed as the object of your desires (with her juices flowing) STARTS to sexually get turned onto you. And the best part? It works on her unconsciously so she won't even know why it's happening!

It Was As If He Flicked On Her Sexual Light Switch!

Now, let me tell you why those GQ type males might not need to use this product. I'm not bragging, but I think I've been blessed with a high level of pheromones and maybe that's why I've NEVER struggled with bedding hot women. (Note: I'm in my 40's and just decent looking.)

Unfortunately, my old college friend, Darren, has a very low level of pheromones and that's why he constantly strikes out with the real babes. He's my age, short, balding, great job, somewhat shy... and he's definitely NOT a head turner (if you get my drift.)

After having not seen him for a while he came into my office and began where "he" left off over fifteen years ago. 'Ranting and Raving' about his

She won't even know why it's happening ...

So, Is This Revolutionary, Powerful Attractant RIGHT For You?

ABSOLUTELY! If you're...

- **FED UP ... with HOT WOMEN ignoring your existence!**
- **FED UP ... watching your buddies get the women YOU crave!**
- **FED UP ... going home alone and surfing Internet dating sites!**

FINALLY ...

You Can Call The Shots And Land The "10's" In Bed!
