

Good news for people 65+ who get tired easily...  
**Boost your energy, reduce fatigue  
and get 24/7 heart health support  
with “FOUNTAIN OF HEALTH” berry!**

Dear Friend,

I hear it all the time from seniors... even from readers like yourself. It's the same complaint over and over again.

*"I'm tired all the time..."*

*"I'm sleeping too much; don't have the same get-up-and-go..."*

*"I've STOPPED jogging and working out at the gym...I get drained too fast!"*

*"My mental focus is declining. What's wrong with me...?"*

*"My stamina is gone, my lust for life is diminished— because I have no OOMPH to engage in my favorite activities."*

*"I am a young senior, but I can't KEEP up with my grandkids anymore! I am concerned! Help!"*

**If the above sounds familiar, please know you are not alone.**

In fact, I have some good news for you...

Once you read my SPECIAL REPORT, you'll learn about an ancient "Fountain of Health" berry that can turbo-charge your mind, body, and spirit!

But that's just part of the story...

You see, this *Superstar* extract has been retooled into a 21<sup>st</sup> century scientific formulation to make it more bioavailable (increases absorption) and, therefore, more effective.

In fact, you'll soon see why I call it a "Game Changer" breakthrough, NOT only in heart health support ... but also in cellular renewal for folks 65+. (Shortly, this will all make sense to you).

Make no mistake: This NEW discovery can help transform your body so it's BURSTING with new-found energy and stamina —

### About the Author Victor Marchione, M.D.

Dr. Victor Marchione is one of North America's modern pioneers of nutritional medicine. He's the

editor of the popular newsletter, *Health eTalk*. He's in demand as an expert on using natural foods and nutrients to solve today's biggest health concerns. He's appeared on *ABC News*, *NBC's Today Show*, and *CBS Evening News*.

Dr. Marchione is board-certified in

**so you can act and feel 10-20 years younger and get back to living your life to the fullest!**

Honestly, it's unlike any nutraceutical I have come across.

Before I share my findings with you, allow me to introduce myself.

I'm Dr. Victor Marchione a board-certified physician and editor of the Bel Marra Health eTalk newsletter. While treating patients, I like to keep in mind the latest cutting-edge drug and surgical options.

At the same time I also research other natural alternatives to see if there's a better, more holistic and clinically proven way for my patients to boost their well-being.

This approach has helped me in the long run and it has consistently proven that an improved diet (through specially chosen herbs and nutrients) along with a healthier lifestyle... can help people beat the odds and enjoy optimal health for years to come!

## **And here's the unvarnished truth that nearly three decades of practicing medicine has shown me:**

IF you want **more** energy, **more** stamina, and a better quality of life — your focus should be to improve AND maintain optimal blood circulation.

Yes, I know you might have heard this before, but it makes sense, doesn't it?

Your body consists of a lot of "real estate" that includes over 60,000 miles of veins, arteries, and capillaries that need attention.

In fact, studies reveal many healthy centenarians had a circulation system as efficient as people 30 years younger.

### **3 benefits of increased blood circulation**

Science has shown that increasing blood flow to all areas of your body helps promote cell growth (renewal) and support organ function.

For instance...

1. **When your heart pumps at** optimum levels, your heart rate lowers and heart muscles relax. Even your blood pressure flows evenly and smoothly throughout your body so you have MORE energy and MORE stamina to boost daily productivity, and enhance a healthy lifestyle.
2. **Enhanced circulation** boosts brain function and helps keep your mind sharp and focused.
3. **Healthy Circulation** aids in proper digestion,

internal and pulmonary medicine and has spent 27 years caring for thousands of patients using both conventional treatments and natural solutions. He's also a lead researcher in clinical studies and is dedicated to uncovering the latest natural remedies from around the world to improve the lives of his patients and readers.

absorption of nutrients, and elimination of toxins from the body.

And there's an important point which I hope your own doctor has pointed out to you:

**Having constant stress is a major risk factor for future cardiovascular problems.**

That's because chronic stress exposes your body to persistent high levels of stress hormones like adrenaline and cortisol.

Studies also show that stress can have an adverse effect on the blood clotting mechanism. As you know blood clots can prove to be life threatening. Poor circulation can also lead to:

- Blood pressure worries
- Vertigo and dizziness
- Muscle cramps
- Numbness
- Heavy legs
- Carpal tunnel
- Organs running at sub-optimal efficiency

That said, common sense dictates you should do all you can to naturally help improve blood circulation. And now is the perfect time to introduce you to...

**The miracle berry that can revitalize your cells,  
boost blood circulation PLUS energize YOUR entire body!**

It's a remarkable extract called *Capros®*, derived from *Emblica officinalis* (*Phyllanthus emblica*) plant popularly known as the *Indian Gooseberry*.

Considered sacred in India, this potent plant has been used for centuries in traditional Ayurvedic medicine as a cell detoxifier and rejuvenator.

Capros® is supported by multiple U.S. and International patents and peer-reviewed studies which show that it...

- **DELIVERS** proven cardiovascular protection
- **PROMOTES** strong circulation, artery, and blood vessel health

However, THIS is just the beginning of rejuvenating your health! You see, not only does the Indian Gooseberry promote total heart health... but further studies also reveal that it is a...

- **A Superfood**
- **An Antioxidant**, and
- **A Detoxifier**

## **This “Mother of ALL Superfoods” also FIGHTS OFF a slew of free radicals (that you never even knew existed)!**

And here’s why this is important: No doubt you’ve read about the term “Superfood!”

A superfood is a nutrient-rich food considered to be especially beneficial for health and well-being.

Now, I like to think of this Superfood as a “one-stop shop” for delivering life-enriching nutrients such as polyphenols, vitamins, minerals, essential amino acids as well as potent antioxidants your body needs for optimal performance!

And as I mentioned before, it is an antioxidant.

**Meaning it scours away free radicals that can cause cellular damage and lead to premature aging.**

If you think this powerhouse extract is just “another antioxidant” and you don’t need it...

**This cascading effect puts Capros® above all other superfruits, with nearly twice the ORAC rating of acai and approximately 17 times that of pomegranate.**

Here’s something you need to know – Capros® is a super-rich cascading antioxidant.

And what is a cascading antioxidant? It’s a powerful antioxidant that not only fights free radicals its metabolites also act as antioxidants.

So what does this mean for you?

It means, instead of **one antioxidant** on the job... you get a cascade (or swarm) of consecutive antioxidants fighting AND crushing different types of FREE RADICALS that bombard you daily!

### **BEWARE: Not all anti-aging formulas are created equal**

**Here’s my concern:** In my own market research, I’ve discovered many formulations use the general term of “Free Radicals” when discussing oxidative damage to your cells.

And yet, these manufacturers are NOT giving you the whole story.

What they DON’T tell you is, there are different types of free radicals working 24/7 against your cells.

Study after study tells us free radicals do NOT react to ALL antioxidants the same way (which is why certain formulas do not get the job done)!

**Capros® helps promote a healthy cardiovascular function by enhancing nitric oxide synthesis, endothelial function...**

**It also helps promote lower triglycerides and supports healthy LDL and HDL cholesterol ratios.**

Which is precisely why this nutrient is so different.

**You see, Capros® acts as a cascade of distinct antioxidant compounds whose job is to FIGHT off different free radicals such as peroxy, peroxy nitrite, hydroxyl, superoxide and singlet oxygen radicals.**

In addition, this powerful nutrient also helps remove toxic heavy metals from the body.

This means it works 24/7 to protect your body from iron and copper-induced oxidative stress that other antioxidants can't get to!

What's really impressive about Capros® is that it contains an abundance of vitamin C as well as other minerals/vitamins like calcium, phosphorus, iron, carotene, and vitamin B complex.

But this is just the tip of the iceberg.

As you will soon see, there's a reason why science calls the Indian Gooseberry "The Fountain of Health"

Just 2 capsules a day and this potent extract can help rejuvenate your health by helping FIGHT off free radicals, boost circulation, and improving artery and blood vessel health.

Improved circulation can help boost the delivery of life-giving oxygen and nutrients to cells and tissues in the different parts of the body, and thus help:

- **IMPROVE** vitality
- **STRENGTHEN** eyes
- **ENHANCE** muscle tone
- **BALANCE** stomach acid
- **FORTIFY** the liver
- **NOURISH** the brain
- **BOOST** mental functioning
- **SUPPORT** heart health
- **PROMOTE** urinary health
- **ENHANCE** skin health
- **PROMOTE** healthier hair
- **ACT** as a body coolant

I tell you here and now: from my own research, personal experience (plus feedback from others who have tried it), Capros® is truly a health-enriching medical miracle.

To begin with, Capros® is all natural, vegetarian, organic certified and protected by seven US and International patents and trademarks.

## **Fact: Increased Blood Circulation Revitalizes Your BODY'S Organs!**

### **Respiratory Tract**

- Increases blood flow through the lungs
- Relaxing airways

### **Musculoskeletal System**

- Improved oxygenation of muscles
- Increased energy
- Higher levels of endurance
- Decreases lactic acid production

### **Cellular Function**

- Reducing cell death or turnover
- New blood vessel formation

### **Immune System**

- Regulates inflammation
- Supports immune system

### **Cardiovascular System**

- Healthy circulating blood cells
- Heart Function
- Nutrient exchange

### **Nervous System**

- Promotion of natural "rest state"
- Memory improvement

### **Gastrointestinal Tract**

- Enhanced metabolism

And unlike CoQ10 or omega-3 fatty acids, Capros® is water-soluble and free of harsh side effects.

This is why I hope you'll make the wise choice of making this potent nutrient a part of your daily health regiment.

And here's something to seriously consider when taking any supplement:

Never take any formula unless it has clinically proven studies backing up its effectiveness!

**Science backed-nutrient that delivers  
total cardiovascular health results you can feel...  
starting in as FAST as 30 days GUARANTEED!**

Before I decided to make Capros® the main ingredient in **65+ Superfood Essentials**, I made sure it had the backing of clinical studies. And I'm pleased to report that this super ingredient is backed by multiple studies which show that it...

**Naturally BOOSTS Circulation:** In a clinical study, 30 participants were given 250 mg of Capros® extract (twice daily) for 60 days.

At the end of the study, scientists discovered Capros® not only helped enhance the blood lipid profile – it also helped keep your blood thin and flowing smoothly and effortlessly.

**Helps NORMALIZE Healthy Cholesterol Levels:** In a clinical study, 93 patients with cholesterol challenges were divided into two groups. One was given Capros® for 42 days while the other was given a traditional remedy for 6 weeks.

At the end of 16 weeks, both the groups showed a drop in total cholesterol levels and LDL (bad cholesterol). The group taking Capros® also showed better results in combatting LDL (very bad cholesterol) and triglycerides and a significant support of healthy HDL (good cholesterol) levels.

**FIGHTS off Inflammation:** Further studies were conducted by researchers from the Ohio State University, College of Medicine, who discovered significant cardiovascular benefits for obese adults who took Capros®.

At the end of 12 weeks the researchers noted that the levels of an important inflammation marker – **C-reactive protein (CRP)** – dropped considerably.

**Many scientists believe CRP is more dangerous than cholesterol, because without CRP, the cholesterol in the blood cannot go as easily into the artery walls.**

When I saw all the incredible results of these studies on Capros®, I was convinced I had to bring its benefits to all my readers and so I urged my research team at Bel Marra Health to come up with a heart-health boosting formula revolving around Capros®.

And they came up with a "Dream Team" of potent antioxidants which I believe to be the #1

- Nutrient absorption

**Sexual Health**

- Male Erection and Performance
- Female Excitement and Performance

heart health-supporting, anti-aging formula on the market today.

It's called **65+ Superfood Essentials**.

While this formula revolves around Capros®, it has other ingredients that work synergistically with it. I'll explain these ingredients in detail, but there are two more important things about Capros® which I forgot to mention earlier.

The first is that Capros® enhances nitric oxide synthesis and endothelial function.

The second is that Capros® boosts glutathione levels in your body.

Nitric Oxide (NO) is a Nobel Prize-winning molecule that plays an important role in transporting blood throughout your body.

## **A molecule that can fight inflammation, oxidative stress, and so much more...**

Nitric Oxide is so important to your overall health, that in the last 20 years over 50,000 studies were done on this breakthrough molecule. Found all through your body, Nitric Oxide is produced by the endothelial cells lining your arteries.

By penetrating the underlying smooth muscles of your body, Nitric Oxide works as an efficient *vasodilator* to relax your arteries (while also regulating the white blood cells of your immune system).

The simple truth is, Nitric Oxide plays a vital role in managing blood pressure and blood circulation. (It also helps keep the endothelium in shape by curbing inflammation and oxidative stress.)

**Now for the health challenge:** Although there's an abundance of Nitric Oxide in your body, it's unstable, short-lived, and levels dwindle significantly as you age.

In fact, at around the time you are 30 years old, your Nitric Oxide levels start depleting rapidly and by the time you are 65 years old, you could have only 20-25% of the Nitric

Oxide that you had when you were in your 20s.

Thus, it must be renewed continuously.

## **WARNING: Poor Circulation + Low NO Levels = “The Perfect Storm” of bad health.**

Do you think you are low in Nitric Oxide?

To some degree, many of us are. For instance, some people feel burnt out by 2-3 PM. You work hard, play hard. You're fatigued with low energy and you think to yourself, *"It's part of life... I am getting older!"*

And yes, that might be the case. You could also be Nitric Oxide deficient. Some important signs of Nitric Oxide deficiency are:

- **Fatigue or low energy levels**
- **Irritable mood**
- **Difficulty sleeping**
- **Blood pressure concerns**
- **Decreased heart function**
- **Thin bones**
- **Decreased workout potential**
- **Less energy at the gym**
- **Less stamina/endurance**
- **Decreased libido**
- **Poor memory or concentration**

Keep in mind — if the above truly resonates with you and you're determined to boost your blood circulation so your organs, eyes, lungs, skin, and joints can truly benefit... then the best way to do it is to systematically raise your body's Nitric Oxide levels!

Thankfully, **65+ Superfood's Essentials** Capros® has shown to help raise Nitric Oxide levels by up to a whopping 35.2%!

## **Your body's little-known molecule that fights to keep you healthy!**

Like I have mentioned before, in addition to boosting Nitric Oxide levels, Capros® also enhances glutathione levels.

Your own body naturally creates this powerful antioxidant molecule on its own to help protect you against the free radicals that beat down your immune system and lead to poor health!

Glutathione is so important to your body's chemistry and well-being there are over 89,000 articles written about this molecule!

And get this: glutathione is the only known ANTIOXIDANT that can recycle itself.

Once you naturally raise GLUTATHIONE levels, you can help:

- **DECREASE** muscle damage
- **REDUCE** recovery time
- **INCREASE** strength and endurance
- **SHIFT** metabolism from fat production to muscle development
- **BOOST** your immune system
- **DETOXIFY** heavy metals
- **IMPROVE** the quality of your sleep
- **ENHANCE** mental clarity
- **REDUCE** muscle and joint discomfort

In fact, studies reveal stress, trauma, aging, poor diet, pollution, toxins, medications, infections, and radiation all deplete your body's supply of glutathione.

Further proof is revealed in the prestigious British medical journal, the *Lancet*.

***"Science found the highest glutathione levels in healthy young people, lower levels in healthy elderly, lower still in sick elderly and the lowest of all in the hospitalized elderly."***

## **Could low levels of this vital nutrient be harming YOUR overall health? (The answer might surprise you)**

Studies have shown that some people with poor health have a glutathione deficiency.

Again, once this occurs, OXIDATIVE STRESS (free radicals) envelopes your body and you get unrestrained cell disintegration.

Unfortunately, cell disintegration leads to an overworked liver (causing damage), which stops it from doing its primary job: **cellular detoxification**.

Studies reveal Capros® boosts Master Antioxidant glutathione in your body by up to 30%!

## **Good News: Glutathione can help protect your health!**

Another strong reason to increase your body's glutathione levels is its remarkable ability to recycle antioxidants.

**My friend, THIS is significant for boosting vitality and promoting a strong immune system.**

Let me explain...

FREE RADICALS get passed around from vitamin C to vitamin E to lipoic acid and then finally to glutathione – which then effectively cools off these scoundrels.

**Once this is done, glutathione then recycles other potent antioxidants.**

*Please understand THIS recycling is important*, because if you find yourself feeling tired or not in peak shape... constantly sluggish... lacking mental focus... you could have a GLUTATHIONE deficiency. (And yes, your levels also decline with age.)

It's quite simple: If you boost your glutathione levels you'll not only protect your immune system, but also help rejuvenate your organs for years of optimal health!

The good news is that each daily dose of **65+ Superfood Essentials** delivers 500 mg of Capros® which is the same amount that was used in many of the clinical studies.

## **Introducing “The New Team” of anti-aging ingredients that helps 65+ Superfood Essentials give you even more potent cell protection & rejuvenation!**

Every all-star team has a SUPER-STAR that helps other players excel.

In the world of holistic health it's no different. Capros® is the “Superstar” of antioxidants. However, a superstar couldn't do it without a full team effort.

Which is why Bel Marra Health outdid itself with its formulation and added two effective industry favorites to **65+ SUPERFOOD ESSENTIALS**. All with one goal in mind: Your ultimate solution to cardiovascular and cellular support!

Without further ado, allow me to introduce you to...

### **Antioxidant All-Star #1 – Resveratrol**

This powerful, natural antioxidant is found in the fruits and seeds of certain plants such as grapes and grape-derived products like red wine, and the herb *Polygonum cuspidatum*.

No doubt, you've heard of the “The French Paradox” where the French people despite their high fat diet, experienced outstanding cardiovascular health. Studies show the French's moderate drinking of red wine reduces the risk of heart disease.

Better still, by enhancing your cardiovascular health and keeping lipid levels normal, resveratrol also boosts your immune system along with promoting its anti-aging benefits. Years of research show the merits of taking this superstar nutrient daily.

For instance, in one study resveratrol was shown to exert anti-inflammatory action plus reduce oxidative stress in vitro and in animal models.

Lastly, resveratrol is truly unique among antioxidants because it crosses the blood-brain barrier to help protect your brain and nervous system.

Resveratrol has wide-reaching health benefits. For instance, it can help...

- **PROTECT** your cells from free radical damage
- **SUPPORT** healthy blood pressure
- **PROMOTE** heart health by boosting elasticity in your blood vessels
- **NORMALIZE** your anti-inflammatory response

Each daily dose of **65+ Superfood Essentials** gives you 100 mg of Resveratrol in small easy-to-swallow capsules.

## Antioxidant All-Star #2 – Acai Berry

*Acai* (pronounced *ah-sigh-EE*) is a small blackish-purple berry that comes from the fruit of a palm tree.

Found in Brazil's Amazon rain forests, acai is bursting with antioxidants that flood your body with anti-aging nutrients.

These berries also contain fiber and heart-healthy fats that have shown to have more free-radical fighting strength than other commonly eaten berries, such as cranberries, blueberries and strawberries.

Scientific evidence reveals this is probably due to the large amounts of beneficial anthocyanins (which are high in antioxidants).

What I love about the acai extract is that it provides a strong one-two punch of anti-aging potency with its first cousin, resveratrol. Acai also contains an impressive profile of amino acids and vital trace minerals, too.

In fact, researchers from the Department of Nutrition and Food Science at Texas A&M revealed acai had the highest antioxidant activity to date against certain types of free radicals – and can help protect against premature aging, plus support vision and skin health...

Impressed, so far? I'm not surprised. Our file cabinets are chock-full of letters we've received from some of our THRILLED customers who rave about **65+ Superfood Essentials**. Here is one such letter.

### **87-year-old woman is more active and has more energy!**

*"This product is working well for me. I find that I am more active and have more energy. My*

friends and family are surprised at how active I am at the age of 87. And I've noticed this in the first month of taking this. I would recommend to friends and family." – **B.J., 87**

## How much would you pay to give yourself 365 days of invigorating heart health support again?

Many years of practice have showed me that my healthiest patients are usually the ones who put effort into a healthy lifestyle.

They watch their diets, exercise regularly, and they get the full story of how a new holistic discovery can impact the quality of their lives!

That said, I also hope you appreciate all the health-giving benefits of **65+ Superfood Essentials** that I've just presented to you...

Don't forget, our formula consists of three powerful ingredients which have proven clinical efficiency to help radically boost your heart health, fight off free radicals, and help your body's organs rejuvenate themselves!

So let me ask you: what would you pay to have 24/7 antioxidant and total heart cardiovascular support? \$50... \$65... \$75 a bottle?

Well, before I reveal your VIP low price for **65+ Superfood Essentials**, let me tell what I have in store for you. ORDER TODAY and I'll forward you not one — but three FREE hot-off-the-press Special Health Reports!

**ORDER NOW**

### FREE GIFT #1

***The Future of Aging: Modern Medicine's 11 Anti-Aging Breakthroughs*** (a \$9.95 value)

Thankfully, we're all living in a health renaissance with today's medical breakthroughs. There are no excuses. Armed with the right knowledge, you can live a longer, pain-free, and healthier life than those who came before you. Bel Marra Health wants to assist you in reaching those goals.

Here's just a sample of what you will learn...

- ✓ **For optimal health, the best offense is a great defense** – NEW cutting-edge early detection screening tests that BANISH debilitating disease before it strikes you!
- ✓ **Unhealthy tissue and organs gone** – you'll be astounded at state-of-the-art techniques where surgeons replace aged or failed organs with healthy young ones, giving

you a whole new lease on life!

- ✓ **Cellular replacement** – breakthrough therapies which allow your body to help heal itself by regenerating new, vibrant tissue cells!
- ✓ **Common sense health tips** – from easy-to-do diet ideas and exercises that can keep those stubborn pounds off... to proven mental health strategies. Put them into practice and you'll have control over your mind, body, and spirit for a full and happy life!
- ✓ **Plus much more!**

## FREE GIFT #2

**Look 10 Years Younger – Overnight!** (a \$9.95 value)

Now that you feel great again by using **65+ Superfood Essentials**, it's time to turn the clock back and look years younger! Just imagine, this guide will give you ways to bring back your youthful glow!

You'll discover low-cost (or no cost) ways to...

- ✓ **Banish wrinkles** – say good-bye to expensive creams and lotions. Use these simple over-the-counter products to rid yourself of deep age facial lines and crevices.
- ✓ **Rub out age spots** – how to give yourself soft, supple, and youthful-looking skin that your friends and family will envy.
- ✓ **Erase those nasty dark circles and bags under your eyes for good** – use THIS beauty secret to help reduce that "puffy look" in as fast as 10 minutes!
- ✓ **And much more!**

## FREE GIFT #3

**Top Health Breakthroughs** (a \$14.95 value)

This guide introduces you to medical discoveries that are changing people's lives.

- ✓ **GOOD NEWS:** Harvard scientists reveal two nutrients that reduce age-related macular degeneration by a whopping 60%!
- ✓ **Take this ONE vitamin** and you can increase your hearing by a staggering 75%. (New Italian breakthrough study gives you the whole story.)

- ✓ **Warning:** THIS vitamin deficiency creates more bone loss in healthy women! (No, it's NOT calcium or vitamin D).
- ✓ **Five foods to avoid** that cause chronic inflammation and could lead to Crohn's disease or congestive heart failure.
- ✓ **Plus much more!**

## **Boost your cardiovascular system for less than the cost of a cup of coffee!**

You can get all the benefits of our miracle SUPERFOOD at the lowest price per bottle through our special VIP online offer.

If you were to buy these ingredients separately, it could cost you over \$75. (And that's not including the exact formulation and the integrity of the ingredients themselves.)

But you won't have to. The regular price of a one month supply of doctor formulated **65+ SUPERFOOD ESSENTIALS** (60 capsules) is just \$49.95.

However, it gets better.

The more you purchase, the more \$\$\$ you save... plus you'll get more bottles on hand of the clinically proven ingredients to share with family and friends.

So here's my offer. Order a 3-month supply & you've lowered the price to just less than \$34 a bottle.

And if you order a 6-month supply (six bottles) and you can get each bottle for less than \$30.00.

Just think – for less than a dollar a day (the cost of a cup of coffee) you can have one of the top anti-aging formulas working for you 24/7!

And rest easy...

## **Our 100% satisfaction guarantee gives YOU 100% customer satisfaction**

Prove it to yourself that doctor-formulated **65+ SUPERFOOD ESSENTIALS** is everything I say it is and more!

**Test-drive it for a FULL 30 Days.** If you are not happy and satisfied with the product ... or for ANY reason whatsoever, simply return all the bottles (including the ones you have opened) for a FULL Refund of your purchase price. No questions asked.

As you can see, Bel Marra Health is taking all the risk. *You have nothing to lose and great heart health to gain!*

PLUS, you get to keep the FREE Special Health Reports as our thanks for giving doctor-formulated **65+ SUPERFOOD ESSENTIALS** a try! ORDER TODAY!

## **It's UP to YOU to reboot your health!**

As I watched my own parents grow older and lose their vim and vigor, I made a vow to do everything in my power (either through top research or collaborating with other respected medical professionals) to never, ever give into "getting old before my time!"

Thankfully, with all our medical breakthroughs, 80 is the new 70! I hope you feel the same way.

Genetics aside, you have a chance to "reboot" your health with new energy, focus, and rejuvenated organs that'll give the quality of life you deserve.

**IMAGINE – a whole new lease on life than you've ever imagined ... feeling energized with more mental clarity, focus, and mobile joints with NOTHING slowing you down...**

**IMAGINE – having a NEW positive outlook, with your family and friends noticing how you LOOK and ACT 20 years younger.**

**IMAGINE – enjoying your favorite activities again like boating, dancing, jogging, gardening... All while keeping up with your kids and grandkids...**

With **65+ SUPERFOOD ESSENTIALS** you can start living the life you want. Remember, always take care of your heart – and it will take care of you!

Please take advantage of my 100% Satisfaction Guarantee Trial Offer. Doctor-formulated **65+ SUPERFOOD ESSENTIALS** can truly give you "The Fountain of Health!"

Yours in Good Health,

*V. Marchione*

Victor Marchione, M.D.

**ORDER NOW**

**P.S.: ONE LAST THING**, I've been informed by accounting, due to market changes in the industry (with purchasing of our top-grade ingredients), the price for **65+ SUPERFOOD ESSENTIALS** could very soon rise. I don't want you to miss out. PLEASE lock in this VIP low price now and ORDER your bottles today!

**P.P.S.:** After you try doctor-formulated **65+ SUPERFOOD ESSENTIALS** and you really feel a positive

difference in your body, will you do me a favor? Drop us a short note and tell us all about it. Nothing gives me more joy than knowing that our products are making a positive impact with you, our cherished readers!

---
