From the desk of Don Hansen  
CEO Westhaven Labs

Dear Friend,

We haven't met but I'm betting the house you and I have a lot in common.

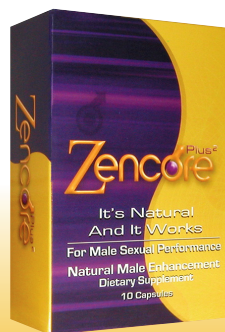

No doubt, we've both wasted our money on a lot of those so-called "can't-miss-porn-star" male sexual enhancers that seem to be appearing in ads every five minutes.

In fact, I've ordered them so many times my staff calls me "The Human Guinea Pig." And they'd be right.

But then again, it's my job. You see, as the CEO of one of the leading nutraceutical companies in the USA, I need to experience firsthand what's really working on the market today (and to expose the frauds!)

Well, I'm happy to announce my research is done and the winner by a country mile is **Zencore Plus**.

Let me tell you... I was so impressed with its potency in how it jumpstarted my own sex life again – that I went directly to the manufacturer and became the sole direct mail distributor of **Zencore Plus!**

What does that mean for you? It means if you want to take **Zencore Plus** and get a powerful flagpole, "hang clothes off of it" erection ... if you want to experience hot, insatiable sex and please your partner like there's no tomorrow ...

... if you want the explosive stamina of a Sexual Marathon Man – then Westhaven Labs is the company that'll give you the BEST price on **Zencore Plus!** Guaranteed!

So save yourself time and energy searching, I went and negotiated the best price possible on **Zencore Plus** for my VIP customers like yourself.

Inside, please

**If you're serious about letting go of your past "failures to launch" ... if you're serious about experiencing great sex again and going the whole night with your lady – then you owe it to yourself to read this entire promotion about my very limited time offer!**

Once you do, you'll discover why time is of the essence and why you need to act quickly to get the lowest price there is on **Zencore Plus!**

But, this is just the beginning. Now for the first time ever – you have the choice of not only getting the lowest price – but having the opportunity to order either **Zencore Plus** or **Zencore Plus Daily** (or both). Shortly, I'll explain everything to you.

## **Zencore Plus Maximizes what the Good Lord Gave You!**

Before I continue, let me dismiss a myth that's engulfing the men's health world. Here it is: NO sexual enhancer is going to give you a BIGGER penis that what you already have. I assure you any scientist that comes up with "that" formula will win the Nobel Peace Prize.

But what **Zencore Plus** and **Zencore Plus Daily** can do is help MAXIMIZE what the good Lord gave you. Test after test has shown this supplement is safe, totally effective, and works FAST. Best of all – it doesn't come with any nasty or potentially dangerous side effects that arise while taking expensive prescription meds.

## **How these Proven, Potent Botanicals Work its Sexual Magic in Your Body!**

**Zencore Plus'** proprietary proven formula helps relax the smooth muscle in the arteries of your penis, which allows for sufficient blood flow to your penis. This in turn produces an erection.

**Nitric Oxide** (NO) which comes from the L-arginine contained in **Zencore Plus**, triggers this relaxation. By filling the veins, they become compressed, which prevents blood flow reflux.

This means you're going to KEEP your maximum erection for a much longer time! And because you can, you'll then be able to please your partner with an incredible orgasm!

**In addition, men rave about the recovery time they have while using Zencore Plus.** Just imagine being able to quickly reload your manhood and having sexual intercourse a second time if you wish! Won't that get your lover's attention?!

This is all made possible by **Zencore Plus's** other nutrients that synergistically work together to help you achieve and maintain a maximum erection whenever the moment calls for it!

Take it from someone who has tried every male enhancing supplement under the sun. Most of them are useless due to inferior ingredients in the wrong dosages. Worst of all, you flush all that hard earned money down the toilet when you pee the ingredients right out of your body!

Not so with **Zencore Plus**. Once these pharmaceutical grade nutrients hit your body, they're immediately absorbed directly into your digestive system.

While there, they go right to work saturating your erectile tissues with natural botanicals that increase elasticity and blood flow.

## The results? A Firmer and a Longer Lasting Erection ...

... as well as MORE endurance and MORE stamina to help keep you going like a sexual energizer bunny! Look, feeling is believing, right?

Taken as directed, you'll experience firsthand how **Zencore Plus**' fast-acting nutrients will not only start working immediately ... but they'll stay effective in your system for 24-48 hours later.

Don't you agree there's not a better way of starting your day than waking up and having great morning sex? And now allow me to introduce you to ...

### Five All-Star Sex Herbs that can Boost Your Libido, Stamina and Endurance Every Time You use it!

1. **L- Arginine** – Increases natural production of nitric oxide, leading to a more rigid erection.
2. **Xanthoparmelia Scabrosa** – Induces smooth muscle relaxation, allowing for maximum arterial dilation and increased blood flow.
3. **Cnidium Monnier** – Increases nitric oxide release and inhibits PDE-5, allowing erections to be sustained for longer periods of time.
4. **Yohimbe 8% Extract** – Yohimbine, the active component, increases blood flow to the penis and dramatically increases libido.
5. **Epimedium / Horny Goat Weed** – Increases the sex drive as effectively as any compound known to science! **Zencore Plus** uses a 20:1 extract to ensure “MAXIMUM Stimulation!”

### You Asked for it! And Now YOU get it! Introducing **Zencore Plus Daily!**

The **Zencore Plus** track record for efficiency is outstanding. And lots of men are thrilled with it. One tablet taken 45 minutes before having sex and like a thoroughbred you'll be chomping at the bit to get out of the starting gate and get down to business with your lover!

But if you're a man who doesn't want to take a tablet before having sex ... if you want to be “locked and loaded” and ready to go, then allow me to tell you about **Zencore Plus Daily.**

You see, this breakthrough formula also promotes total male sexual health, boosts erection quality and virility along with loads of energy ... but with one difference.

**Zencore Plus Daily** was designed for men who want the freedom to have sex whenever the moment and mood strikes him and his lover!

Just think of the convenience: NOW you get to choose which formula suits your lifestyle. And here's something that should get your attention:

For optimal results, some men take the daily formula and for an extra kick of High-Octane Fuel – take one regular **Zencore Plus** tablet right before they have sexual intercourse. Does it work? Well, the feedback we're getting from men absolutely tells us it works like gangbusters!

But, this is not about them. It's about you and your needs. Our advice? If you prefer, try both formulas and see which gives you the desired results. And to help make this a no-brainer decision for you, I'm going to offer you ...
